A complete range of economical, ultra low profile 0.5mm, 0.8mm and 1.00mm pitch board to board connectors are available online at [www.gradconn.com](http://www.gradconn.com)

The Global Connector Company You Can Trust

## Press Release Grad Conn Interconnect – July 2009

Tiny width 1mm (0.039") single in line Board to Board Connectors

### About Grad Conn:

Grad Conn Ltd. is a Taiwanese company manufacturing cost effective Board to Board Connectors, SIM Connectors and RF Coaxial Cable Assemblies.

We are committed to servicing you from design through to volume production worldwide. Trust Grad Conn to work in partnership with your design and manufacturing teams every step of your process, with design/application advice, free samples and help with pre-production requirements.

Our factories are located in China and Taiwan and certified to ISO9001:2000. All parts are fully RoHS compliant (including Deca BDE compliance).

Grad Conn's footprint in Europe and North America includes offices in each continent with the added support of a representative network in the USA and distribution network in Europe. Our aim is to offer a local contact in your time zone wherever you are in the world. We ship worldwide from Taiwan and offer door to door delivery in the USA.

Our website [www.gradconn.com](http://www.gradconn.com) includes details of all products with PDF drawings. Lead time and MOQ information can be found at: <http://www.gradconn.com/about/about.asp>

Contact us today with your connector and cable requirements.
